

Fraudulent activities of ICTe, Lucknow

It has come to notice of the Institute that the **Institute of Computer Technology & Engineering (ICTe), Lucknow** has been falsely and fraudulently claiming authorisation from NIESBUD for appointment of Study Centres at different places for organising training programmes.

The aforesaid organisation has also allegedly mobilized the services of one **Scolex Multi Solution India Pvt. Ltd.** in this respect and have been asking the prospective partners (Study Centres) to deposit a sum of Rs. 25,000/- upfront for the purpose.

It is hereby clarified to the public in general and different institutions/organisations in particular that no such alleged authorisation has been given by the Institute in favour of either of these two organisations or for that matter in favour of any such organisation.

The institutions/organisations are advised not to be misled by such unauthorised and fraudulent claims and may also take appropriate action against these two named organisations.

The Institute, on its part, is contemplating initiating action (*criminal/civil*) against these two organisations for their acts of omission and commission.
