1. INTRODUCTION

There has been a great deal of emphasis on developing entrepreneurship in the country to promote first generation entrepreneurs. Realizing the effective role of entrepreneurship in the process of industrialization in the developed countries, India and others developing nations viewed this as an effective measure to develop entrepreneurship to promote national production, balanced regional development, and dispersal of economic power and provide better employment opportunities.

It was stressed by researchers that the economic backwardness of a region might be attributed largely to inadequacy of the supply of entrepreneurship in the region. If this deficiency can be removed by developing entrepreneurship, the problem of unemployment will be solved and the region will be able to compete with the rest of the country. Moreover, it is a fact that the youth (18-35 ages) contribute Forty percent (40%) of the total population of India. Therefore, it is important to encourage youth to take up entrepreneurship as a career for the growth and development of the country. Over the past few years, the government through various ministries has launched various skill development training programmes in the Country and tried to develop and enhance the skills of youth, so that they may be easily getting the employment in the market. The 2009 Skill and Entrepreneurship Development Policy clearly specified that skills-related training should become outcome-focused and linked to jobs and employability.

The vision of the national policy is over all human resource development and outcome in the form of enhancing their skills and ability according to the demand of industries. This will enhance the employment opportunities for the youth of the country. But again the question arises as the employability scenario; to how much skill youths can be observed by the Industries or by market. The Ministry of Skill Development and Entrepreneurship (MSDE) is acting as a catalyst in developing and enhancing the Skill of the youths according to the need of the industries.

Under this mission, the Ministry of Skill Development and Entrepreneurship has taken the initiative of promoting and spreading the Entrepreneurship Culture by including Entrepreneurship in the Skill training Programmes. NIESBUD has been conducting the Trainers Training Programmes on Employability, Entrepreneurship and Life skills for the trainers of NSDC/ SSDM/ Polytechnics/ ITIs on a regular basis and has received an overwhelming response from the participants.

The Scheme of Jan Shikshan Sansthan (JSS) scheme under Ministry of Skill Development & Entrepreneurship is implemented through NGOs with 100% grants from the Government of India. The mandate of the scheme is to provide vocational skills in non-formal mode to non-literate, neo-literates, persons with rudimentary level of education upto 8th and school drop-outs upto 12th standard in the age group of 15-45 years. The priority groups are women, SC, ST, minorities and other backward sections of the society. JSSs are reaching to the unreached areas to cater the needs of the poorest of the poor.

The Ministry of Skill Development and Entrepreneurship has taken the initiative for creating entrepreneurial climate in the Jan Shikshan Sansthan's through organising Trainers Training

Programme for the JSS Trainers, and Entrepreneurship Development Programme for JSS Trainees followed by mentoring and handholding to trainees who have strong desire to pursue entrepreneurial opportunities. The efforts in this direction will yield a positive result in promoting entrepreneurship in future within the skill ecosystem.

The ToT developed by NIESBUD for the JSS trainers is an attempt to orient trainers on Entrepreneurship. The purpose of the ToT is to build the capacity of the trainers, so that they will be able to encourage, guide, and motivate the Trainees from the very initial stages of the program towards entrepreneurship & self-employment.

The outcome of this training will be that the JSS Trainers will enhance their skill on entrepreneurship and will be able to give proper Counseling and guidance to the students who want to set up their enterprises.

2. OBJECTIVES

The objectives of this training programme were:

- To impart Knowledge on Entrepreneurship;
- To impart Knowledge on Entrepreneurship;
- To upgrade the knowledge and skills of the participants on Entrepreneurial Motivation;
- To acquaint the participants about entrepreneurial opportunities;
