Online EDP on Export-Import: Procedure & Documentation

27 October – 29 October 2021

About the Programme

Increasing globalization and liberalization of the world economy has seen a rapid increase not only in the growth of the international trade but also in the complex nature of problems posed by sweeping changes in the systems of international business. This program aims to equip the exporters and entrepreneurs with comprehensive knowledge and skills on various aspects of International business including the structure of International trade operations, regulatory guidelines, documentary formalities, shipping documents, packaging, security in international trade, transaction cost, freight forwarding, logistics and role of the other intermediaries etc.

Budding Entrepreneurs wishing to enter the international business field should need to have an in-depth understanding of doing business across various global markets. The primary objective of the program therefore is to build knowledge on the key aspects of export/import management. Assignment and assessment in the program ensures that the participant has, indeed, imbibed both the knowledge and its applications thus enabling them to become the world class entrepreneurs in the fast changing global environment.
